You'll want to take a bite out of *NYT*-bestselling writer **Marguerite Bennett's** all-new erotic body horror and historical thriller, with sensual and stomach-turning art from Eisner-nominated illustrator **Helena Masellis!**

Tarrare the cannibal may be compelled to eat, but Lady Charlotte (codename: The Python) is a cold-blooded spy compelled to hunt. A visceral game of cat-and-mouse begins as Lady Charlotte hunts down the elusive cannibal stalking the streets of France during the revolution, and she'll stop at nothing to pursue her prey! Lady Charlotte's quest for revenge is aided by her former lover Z lie, and together they explore the seedy underbelly of Paris and each other in a hypnotic fever dream.

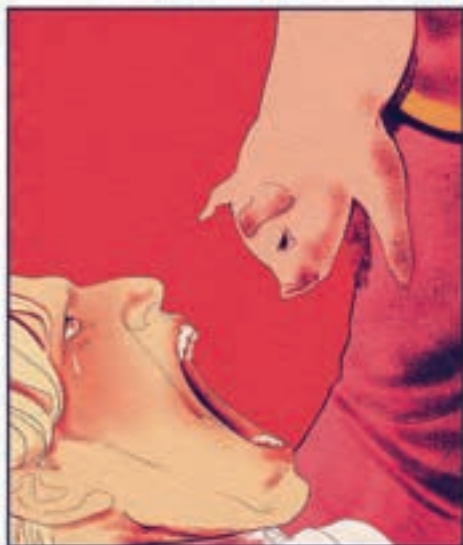

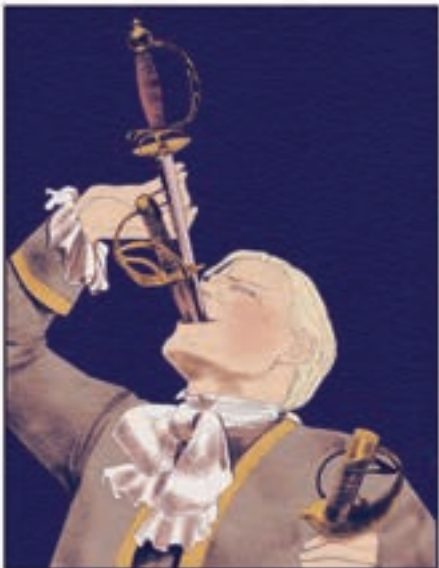

Prepare to swoon over industry veteran and GLAAD-nominated writer Marguerite Bennett (*Bombshells*, *Batwoman*, *ODIN*)'s blood-lusty tale bursting at the seams with vengeance, unbridled sexuality, and most importantly, horror! After all, there's nothing scarier than a woman's voracious appetite.

From horror legend **R.L. Stine** (*Goosebumps*, *Fear Street*) comes a fresh, one-and-done nightmare framed by the Nightmare Keeper, with chilling visuals by comics artist **Matthew Dunn**.

A broke dad steals a “valuable” stuffed black cat from his mother’s coffin, dumps her three real black cats at the pound, and gets hunted by the kind of bad luck you can’t outrun.

Harvey Goodwin is unemployed, desperate, and convinced his late mother’s antique stuffed cat, Lucy, is his ticket back to stability. Hazel asked for two promises: care for her three black cats and bury her with Lucy. Harvey breaks both. Pocketing Lucy during the funeral, caging the cats, and leaving them at the pound, the haunting starts. Cat cries flood his car stereo, his ears bleed, and reality begins to “swap” out from under him.

A darkly funny morality tale about what people do when they feel cornered by money, responsibility, and loss, it taps into the evergreen horror pleasure of “the curse that fits the crime,” with black-cat folklore turned into a relentless, escalating punishment.

Reggie, did you remember to feed the cat?

I'M SORRY, SIR, I THOUGHT YOU SAID TO FEED YOU THE CAT!

haha. An honest mistake.

NOT AN EASY RECIPE, SIR. HE MADE QUITE A FUSS WHEN I DROPPED HIM INTO THE BOILING WATER.

By coincidence, tonight I have a story about some black cats--and a guy named Harvey Goodwin.

I ASSUME THE BLACK CATS BRING HIM LUCK.

Yes. They bring him luck--all of it bad! *Nahaha!*

They say cats have nine lives. Poor Harvey only has one...

The complete collection of the Eisner Award–nominated series is presented in omnibus form for the very first time!

Captain Malik and the crew of the spaceship the Vihaan II are in search of the only resources that matter—precious materials recovered by harvesting the giant corpses of alien gods only found on the edge of human space.

But Malik's obsession with being the first to find a living god will push his crew into the darkest reaches of space and far into the future, where the universe has changed in ways beyond comprehension. In this quest of discovery, will the lines between humanity and the divine blur even further as they seek the unfathomable origin of the Gods?

Go on a quest beyond the stars with the first-ever omnibus edition of iconic award-winning writer **Al Ewing** and Ringo Award–winner **Simone di Meo's** sci-fi epic!
