Richard Corben (W) (A)

Jan Strnad (W)

Doug Moench (W)

For the first time ever, the legendary underground comics of Richard Corben are being collected and fully restored in a single volume. *The Best of Fantagor* brings together some of Corben's most iconic early stories, originally published in his own self-produced comic series *Fantagor*, in a definitive edition that reveals the raw power of his early imagination.

This is the first collection to feature Corben's complete Razar the Unhero trilogy. Razar is Corben's first recurring character, a sly and subversive twist on sword-and-sorcery conventions. The collection also includes an eclectic mix of science fiction, horror, surreal comedy, and full-on psychedelic storytelling. Readers will find post-apocalyptic fables, bizarre creature features, twisted fairy tales, and two rarely seen photo comics. Every story has been carefully restored by longtime collaborator José Villarrubia to honor Corben's original linework and color experimentation.

With **seven high fantasy tales, three comedic stories, two sci-fi works,** and several unclassifiable ones, this volume of over 160 pages captures the range and intensity of Corben's early career. Longtime fans will finally get the restored edition these works deserve, while new readers will discover why Corben remains one of the most influential figures in adult comics.

Join the Fallbacks, your new favorite Dungeons & Dragons party, for their first thrilling comic book adventure!

In a time of fickle gods and feckless governors, the world yearns for heroes! But what it gets are the Fallbacks - a party of daring, dubious, and dysfunctional adventurers who arrive in the city of Loudwater in search of gold and glory. There's plenty of both to go around if the Fallbacks can survive long enough to find it.

Blocking their path to fame and fortune is a Monster's Manual worth of threats: sneaky kobolds, lumbering skeletons, creeping carrion crawlers, plotting politicians, a ferocious white dragon, and the gods themselves. But perhaps worst of all is the rival team of adventurers that are determined to humiliate the Fallbacks.

It seems like everyone is out to get the Fallbacks, but at least they can rely on their party: **Tess**, the sly elf rogue, **Anson**, the loyal human fighter, **Cazrin**, the inquisitive human wizard, **Lark**, the bombastic tiefling bard, **Baldric**, the devil-may-care dwarf cleric, and **Uggie**, the ever-hungry ot-yugh companion. With enough sword swinging, spell slinging, and scheming, they might just escape with a few gold pieces.

Join author Greg Pak, award-winning writer of *Planet Hulk*, *Darth Vader*, and *Lawful*, along with artist Wilton Santos, the fan-favorite illustrator of *Break Out*

and *Marvel's Voices*, for a Dungeons & Dragons tale that will have you rooting for your new favorite adventuring party: the Fallbacks!

Mark Millar (W)

Matteo Scalera (A)

The world's greatest secret agent has six months to live...now it's time to go after the REAL bastards.

Regarded as Millar's masterpiece, *King of Spies* left jaws on the floor as he and artist Matteo Scalera took the classic tropes of the spy genre and subverted everything as Britain's greatest secret agent, now in his sixties, discovers he has six months to live.

He has a choice between gentle decline or going after everyone he thinks deserves to die.

His worldview has changed since he retired from the service and as he looks around at the mess the world's in, he has a long list of people he blames. Politicians, royalty, journalists and celebrities, Sir Roland King wants to root out as much of the corrupt status quo as he can before he goes, and a lifetime of experience makes him almost impossible to catch. Who is the one man who might be able to take him down? His estranged son, eager to destroy him after Roland abandoned both he and his mother many years ago.

This book is for fans of *Tinker Tailor Soldier Spy*, *Kingsman*, *Unforgiven* and *Kill Bill*. It's an elegant revenge thriller you won't be able to put down.

For mature audiences.
