“IDW has been killing it - pun intended - with their horror lineup.” —**Comic Book Club**

Shhhhhhhhhhhhhhhhhhhhh...

When a young woman named Grace tracks her estranged father to a run-down houseboat in the Florida Keys, she expects disappointment, resentment, maybe even closure. Instead, the entire world ends.

Now stranded in the aftermath of the invasion that shattered civilization, she and her sick, aging father cling to survival on the open water—the only space safe from the creatures who attack at the sound of a single breath. But his oxygen is running low, supplies are disappearing quickly, and the deadly predators circling the shoreline are learning fast.

And on top of it all, a hurricane is coming.

A tense, new emotional story begins within the world of the acclaimed A Quiet Place franchise. Declan Shalvey (*Moon Knight*, *Wolverine*, *Terminator*) and Luke Sparrow (*Terminator*) ask: What would you do when stuck between the choice of sudden death or rising tides?

“Will make you question reality.” —*Bloody Disgusting*

Five friends escaped the cage they were raised in. Now they're learning what it was built to do.

After witnessing her best friend's horrible fate, Phoebe Joplin and the others are trapped in a waking nightmare beneath the only homes they've ever known. But when a desperate escape reveals hidden rooms, impossible secrets, and horrors stretching back generations, the truth becomes undeniable.

Their perfect community was never meant to protect them. It was built to consume them.

From Eisner-nominated writers Jackson Lanzing and Collin Kelly and rising horror artist Heather Vaughan, *You'll Never Leave This Place Alive* #2 deepens the paranoia, expands the mystery, and delivers a brutal, emotionally devastating chapter about inheritance, control, and the terrifying price of perfection.

**"Doing the impossible: living up to the original."
—Screen Rant**

It began when Eugene Alden found a small purple owl figurine tipped over. After that, it was glasses falling off the table and picture frames hanging slanted on the wall. Eugene, a lonely old recluse who hasn't left the house in ten years, realized his world was turning upside down...*literally*. After years of gluing items down so they don't come crashing down around him, he must decide whether he can leave the house or watch his family give up on him. A man's world is upside down and no one can see it...in the Twilight Zone.

Eisner-nominated writer/painter Jared Cullum (*Usagi Yojimbo: Kaito '84, Kodi*) turns the Twilight Zone on its head in one of the most stunning issues of the year.

Covers Offered: A (Cullum), B (J. Gonzo), 1:10 (Federici)

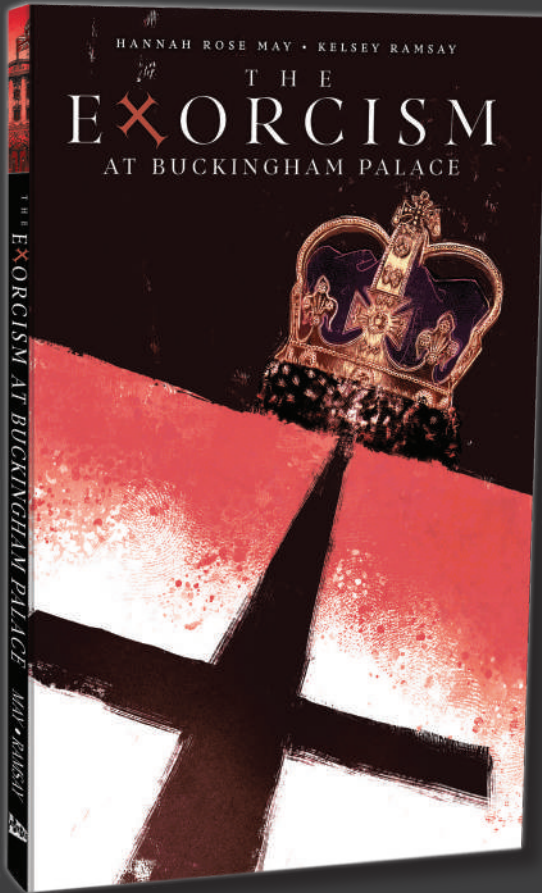

THE EXORCISM AT BUCKINGHAM PALACE

STORY: HANNAH ROSE MAY

ART: KELSEY RAMSAY

128 Pages • \$17.99 • TPB • NOVEMBER 2026

ISBN 9798887245300

The dark comic series that dared to possess a nation continues! First, it was America, and now...England.

It's 5:00 a.m. at 10 Downing Street. The prime minister jolts awake to a call that stops his heart: The royal family has been lost at sea.

Parliament is in chaos. Buckingham Palace is in lockdown. Conspiracy theories flood airwaves and social media. Some say it was an attack on the prince and princess, others believe it was the result of an ancient family curse.

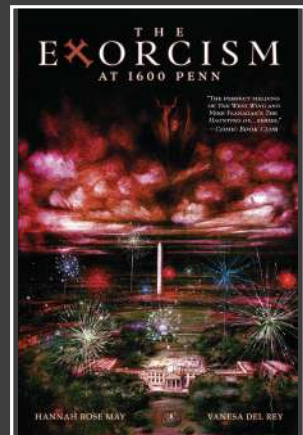

But the real crisis is that the only heir left standing is Theo Belmont, a scandal-prone playboy, tabloid fixture, and barely-recovered addict. Now the crown he never wanted is his. Can Theo rise to meet his destiny or will the weight of it drag him into darkness?

Hannah Rose May (*The Exorcism at 1600 Penn.*, *Rogues' Gallery*) and Kelsey Ramsay (*Moon Dogs*, *Godzilla: Heist*) return to exorcise the demons haunting England's most famous address. Collects the three-issues series.

"The Exorcism at Buckingham Palace launches another foray into geopolitical horror, with a slow-burning approach that prioritizes character building over scares."

“Lorinczi has an animated style and a true gift for rendering memorable expressions.” —**Kabooooom!**

Two rivals put aside their differences to help their friend make a student film. Easy, right? In your dreams!

Jo and Susie are best friends. Helen and Susie are also best friends. Helen and Jo, however... well, let's just say things can quickly get out of hand when the two are in the same room... or the same set, shooting Susie's action-movie project for film school.

As the lead actress, Helen is nailing it, while Jo is struggling to come up with music for the film. But when Jo's nights fill with eerily vivid dreams that transport her into the story alongside Helen's gruff heroine, she wakes up full of tunes. Is there something more than just hatred between Jo and Helen? What will Susie think about all this? Will they be able to finish the film before the tension on set becomes explosive? Or are these three dream girls headed for disaster?
