GUN HONEY: DOUBLES DOWN TP

(W) Charles Ardai
(A) Ang Hor Kheng
FC • 128pp • $17.99
On Sale January 20, 2027

When a botched attack on the dictator of Russia sends three identical-looking men fleeing Moscow for Siberia, Finland, and the Black Sea, Gun Honey Joanna Tan is offered $10 million to separate the real target from his doubles -- and make sure the right man dies.

COLLECTS #1-4 OF GUN HONEY DOUBLES DOWN & THE 2026 FCBD SPECIAL

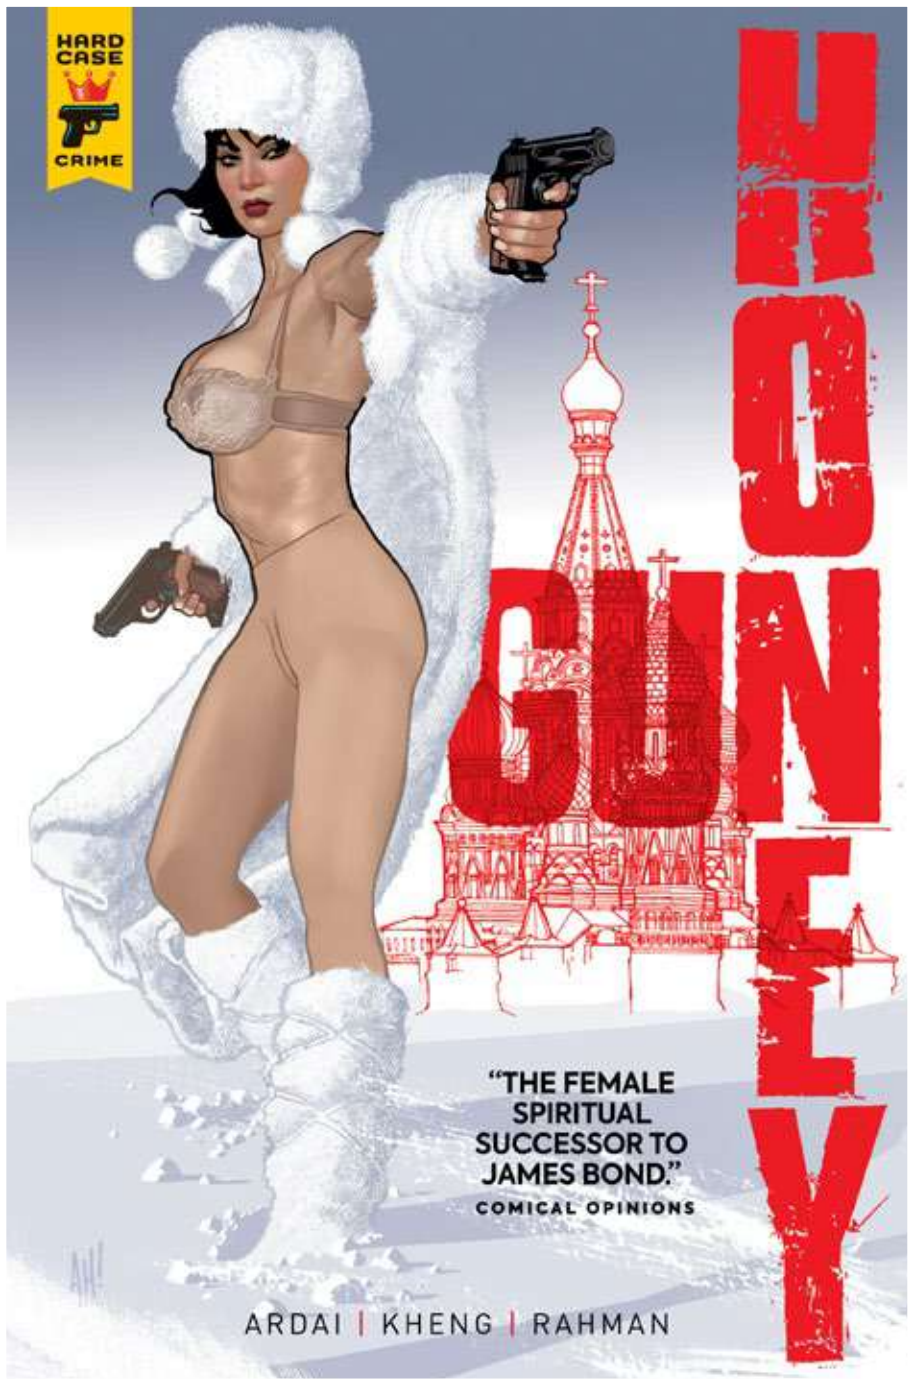

JOANNA TAN'S RUSSIAN EXPLOITS COLLECTED WITH THREE COVERS

"If you're a sucker for **high-octane spy flicks** like *James Bond* or *Jason Bourne*, you need to put this **book on your radar immediately** ...Writer Charles Ardai and artist Ang Hor Kheng have pieced together a massive, **blockbuster-scale espionage story** that caught me completely off guard."

KPB Comics

Gun Honey creator, Charles Ardai, sits down with Titan's Bryce Walker to talk about Gun Honey Doubles Down and the brand new series, Killproof

BW: GUN HONEY DOUBLES DOWN marks Joanna Tan's fourth outing, and this title has really *doubled down* on the huge action scenes. What would you say your favorite moment over these four issues have been?

Charles: How to choose...? There are great moments in every issue! Whether it's the plunge down the stairwell in Issue 1, the truck chase in Issue 2, the naked fight on the frozen lake in Issue 3, or the motorcycle crash that opens Issue 4, you've got action galore. But I think my favorite moment isn't action, it's the big plot twist just before the final chapter that fans online said took them totally by surprise. I love pulling a big switcheroo that leaves readers gasping, and this story has a twist I'm really proud of.

BW: ONE OF THE MOST FUN THINGS about working on Gun Honey is the amount of covers on offer. What are your favorite covers? I loved the Nuno Pereira Homage cover for #2 personally, but also was a big fan of all four of the cosplay covers.

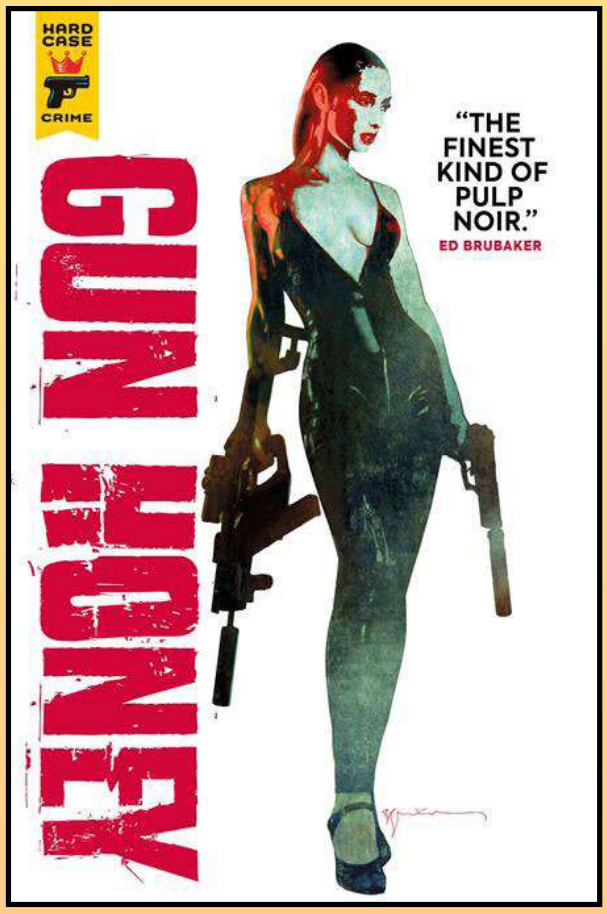

Charles: Nuno's Spider-Man homage is fantastic! But so many of them are: Artgerm and Adam Hughes showing how steamy snow can get; Yasmine's photorealistic water scenes; Derrick Chew and Tehani Farr and Nathan Lorenzana putting Joanna in leather. But I do want to echo the special shout-out you gave to cosplayer Tabitha Lyons, who's been our Joanna Tan model for years and always finds ways to top herself (even now when she's also shouldering the burden of helping a family member through a difficult illness). The trade paperback edition of DOUBLES DOWN includes a cover gallery with miniature images of all our covers, but Tabitha's four are reproduced full-size, a special treat at the end of each chapter.

BW: A NEW GUN HONEY SERIES, KILLPROOF was just announced at New York Comic Con. Is there any more you can tell us about this book?

Charles: The first GUN HONEY spinoff, HEAT SEEKER, was the story of Joanna's ex-girlfriend, Dahlia Racers, who helps people disappear when they've been marked for death. Dahlia's new girlfriend, Evie Parker, is a mercenary who can't feel pain or heat or cold or hunger or fatigue, and she heals instantly from any injury – that's what makes her "killproof." But what makes her so much fun to write, and a fan favorite among readers, is that this unstoppable professional killer is also a huge nerd: a comic book collector, a *Star Trek* fan, a total geek. Enough fans told us they loved Evie and wanted more of her that we decided to give her her own solo book. In KILLPROOF #1, Evie gets abducted by the richest man in the world, who wants her special abilities for himself. It's got more great action, more great covers, plus a kickass heroine who owns not just an arsenal but also a near-mint set of *MOON KNIGHT* #1-38. What more could a red-blooded comic book reader want?
